We applaud Sustainable Cards for making the world a better place, and for making key cards look better and work better than they ever have before in our hotel!"* ~ Jeff Lehman, Miami Beach, Florida

**The Westin New York at Times Square** *"Sustainable Cards generated a lot of positive conversation and let our guests know that we are a green hotel supporting Earth Day and sustainability. The cards were completely compatible with our key system."*

### Gift Cards

**Barista Fair Trade Coffee** *"When we were presented with using Sustainable Cards for our gift cards, we immediately saw the potential. They behave just like our old plastic cards. They even improve the marketing response connected to our membership cards and, most of all, it is the right thing to do."* ~Björn Almer, Stockholm, Sweden

### Business Cards

**Steve Madden Shoes** *"The quality of the cards is unmatched. We use our cards exclusively as business cards, but it's helped us to better communicate our brand to our customers. We are a locally owned franchise of a large corporation so sometimes it's hard to set ourselves apart. Our one-of-a-kind business cards have been a tremendous help. I would definitely recommend Sustainable Cards; they were easy to work with and incredibly prompt."*

~Jessica Roberts, Boulder, Colorado

**ASHHRA of American Hospital Association** *"The key cards you produced for us were awesome! They were well received by our conference attendees and the Hilton staff gave them rave reviews as well."* ~Sharon C. Allen, Chicago, Illinois
